ABEER MUSTAFA

Backend Developer

Phone: +961-81296747   Email: abeer.basem.mustafa@gmail.com   website: https://abeer-basem-mustafa.com

Backend Developer with 4 years of expertise in PHP and Laravel, specializing in creating scalable web applications and optimizing backend systems. Experienced in leading Agile projects, API integrations, and ERP solutions, with a strong focus on performance, security, and enhancing user functionality.

EXPERIENCE

APRIL 2023 – PRESENT

FREELANCE BACKEND DEVELOPER

- Enhanced client platforms by developing custom backend solutions using Laravel, PHP, and MySQL, improving user functionality and backend reliability.
- Built the Salla Store Order Management Dashboard, streamlining supplier coordination, e-commerce operations, and stock management through automated notifications and customized dashboards.
- Developed the Elite Buds School Mobile App using Ionic and Angular, along with a Web App using Laravel with integrated payment solutions (Tab, Tabby, Tamara) and the Wafeq accounting system, facilitating parent engagement, activity tracking, and secure student pickups while streamlining fee processing and reducing payment processing time.
- Created a WhatsApp Chatbot for Elite Buds School using Laravel and WhatsApp Cloud API, automating parent communications and attendance tracking to reduce administrative workload.

JUL 2022 – APRIL 2023

PRODUCT OWNER, TEAM LEADER

ISTANSA, SPAIN

- Led cross-functional teams in Agile methodologies, overseeing product delivery and ensuring timely project completion with clear alignment on project goals.
- Established and managed project backlogs, conducted sprints, and maintained clear prioritization to meet deadlines consistently.
- Effectively delegated complex tasks to maintain workflow efficiency and team productivity.

NOV 2020 – APRIL 2023

BACK-END DEVELOPER

ISTANSA, SPAIN

- Built robust backend systems using Laravel to support user management, payment integration, and multi-tiered membership access, improving functionality and user satisfaction across web applications.
- Integrated diverse platforms (WordPress, Prestashop, and Shopify) and ERP systems (Hosteltáctil, Agora, Last, Bdp, Revo), creating seamless user experiences and enhancing operational efficiency.
- Delivered secure, testable code optimized for scalability, adhering to best practices for enhanced reliability.
- Provided prompt, reliable technical support to address client issues, maintaining high customer satisfaction and resolving issues.
